## INTRODUCTION

Homework time guys! Remember how as a kid we used to write down each and every task so that we understand it better? Same is the goal of adding this worksheet to the Ebook. It will help you tabulate all the main points, so that you can refer them time to time, also it will help you centralize all the information, which will prod you to take action.

Just browsing through book, won't make you Hot-Trends-Maestro, but if you plan each of your step, chapter by chapter, you would get there definitely. Ideally, you should be completing each task as you finish a chapter, this will help you reinforce what you have just learnt and if there is something you haven't, you can always go back clear doubts.

***A Free Pro Tip#** Keep a print out of the following worksheets handy. Fill them as you conclude each chapter & carefully file them as you finish so that you have your mini-guide ready.*

Ready to roll?
