Hey.

It's Raimundas M from <http://www.raimundasm.com> :-)

First, I would like to congratulate you on picking up the „Unstoppable Forum Traffic“ guide.

You know.

I'm always super excited to share my knowledge.

Especially when it comes to driving traffic.

If you could give me just 15 minutes, I will show you seven powerful Warrior Forum traffic methods that you could implement RIGHT NOW and start receiving traffic ALMOST IMMEDIATELY.

Here's the quick story:

A couple years ago I use to buy solo ads like crazy.

Seriously.

I remember the time when you could've bought pretty nice quality clicks for only \$30 (100 clicks).

One of my favorite places to buy MMO/Bizz-Op traffic back then was Safe-Swaps (now Udimi.com)

In fact, my name is still in the list of the top solo ad buyers on „Udimi.com“ (ex Safe-Swaps.com):

Top Solo Buyers

	 Italia Or Linda Elze 7 months	 1056 solos
	 Reed Floren 7 months	 484 solos
	 James Jordan 7 months	 483 solos
	 Francis Ochoco 7 months	 330 solos
	 Raimundas M 7 months	 241 solos
	 Joseph Cotroneo 7 months	 240 solos

Top Solo Sellers

	 Liz Hall 7 months	 1727 solos
	 Mark Jameson • 7 months	 1492 solos
	 Mark Lee 7 months	 1253 solos
	 John Coburn • 7 months	 1065 solos
	 Ann Jones • 7 months	 949 solos
	 Derek Kosh 7 months	 889 solos

However, as years passed, the cost of solo ads increased, and the quality went down.

Well, actually, I still use them time to time and it's great when you have several reliable solo ad vendors that you can count on and get a nice amount of quality traffic any time you want.

HOWEVER.

You will agree with me that it's a real pain in the arse when you want to test new ones.

Not that it only takes a lot of time and effort finding them, but it also can cost you a lot of money.

If you bought solo ads before, I think you can relate to that.

Anyway.

As I like to say, „good things never last forever“.

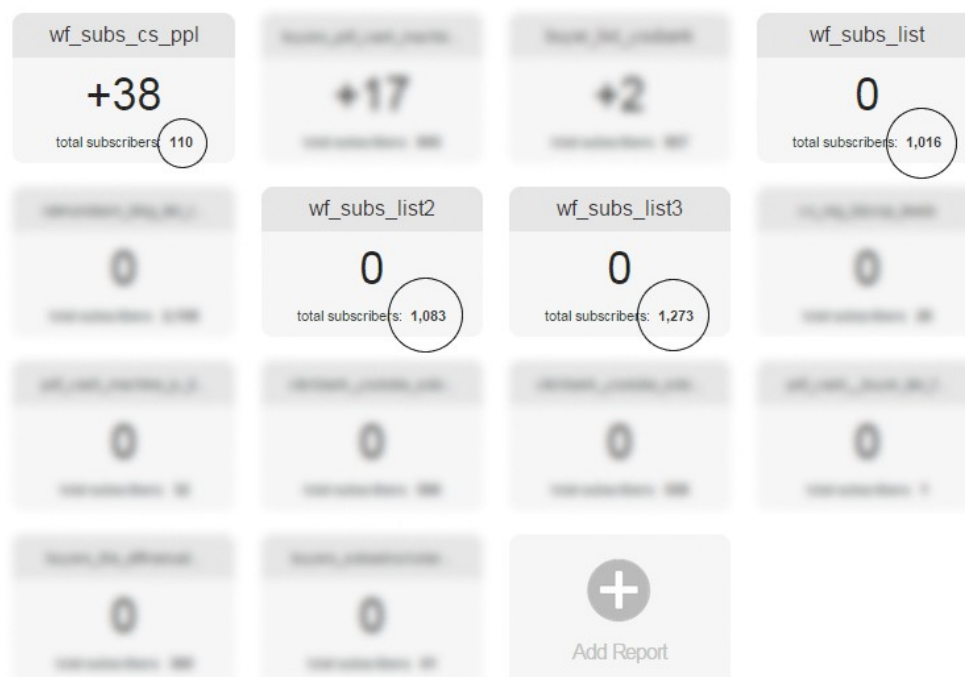

Same happened with the Solo Ad traffic quality.

One late evening, after blowing up \$90 on a useless solo ad, I got really tired of that.

After getting my Facebook Ads account suspended a few years ago, the only place that's left for me was Warrior Forum.

So I thought if I could find at least just a couple of easy ways to siphon a small portion of that quality traffic CONSISTENTLY and PREDICTABLY, I could easily expand my MMO/Bizz-Op niche business faster and easier.

While others were still banging their heads to the wall trying to convert Solo Ad traffic, I got ALL IN into the Warrior Forum and soon started quietly building my lists from there.

In the past several months Warrior Forum has been really good to me.

Using seven strategies that you are about to discover, I managed to receive a huge amount of enthusiastic and eager-to-learn IM related traffic to my blog, squeeze pages, and sales pages.

As I later find out, it's extremely high quality traffic, and most importantly, ready to spend money.

Below you will find my JVZoo affiliate stats.

Not 100% of earnings are made from the Warrior Forum subscribers as I do send to my all lists at once, but the majority of them (around 85%).

Product	Clicks	Visitors	Sales	Conv	\$ per Visitor	\$ per Sale	Total
3 Products	2,240	2,184	129	5.91%	\$0.57	\$9.68	\$1,248.62
1 email sent =>	683	600	36	6.00%	\$0.42	\$7.07	\$254.60
1 email sent =>	593	540	26	4.81%	\$0.42	\$8.76	\$227.76
1 email sent =>	548	428	38	8.88%	\$0.76	\$8.57	\$325.58

Now.

This WSO is not just about building your email list.

You can use these seven powerful methods for driving traffic to almost any site you want.

Some of them even allow you to link directly to the affiliate offer, if you want to.

Although, I'm pretty sure you already know that building an email list (especially a list of buyers) and owning your own on-demand traffic source is the way to go.

So, if you are ready, let's get straight into the meat and potatoes, and get you some of that awesome traffic :-)

METHOD #1

Your Warrior Forum Blog

„I have my own personal Warrior Forum blog?“

Yes :-)

It's one of those traffic generation tools on the Warrior Forum that almost no one ever use.

While Warrior Forum rank pretty high on Google search engine, I would say they are leaving a ton of traffic on the table.

To access your blog, simply click on your name, then „**Blog**“ and „**View {your_name} Blog**“:

Leveraging this Warrior Forum's feature alone on a daily basis, you can receive a nice and steady traffic to your squeeze pages, personal blog, or your sales pages.

I still receive a handful of sales, simply by linking from my WF blog back to the sales page.

And don't worry, it doesn't have to be very lengthy posts.

Short, quality posts work well.

By the way, the minute you post something new on your WF blog, your blog entry will appear at the bottom of the Warrior Forum, as shown below.

This always brings a nice spike of traffic to your post ;)

Method #2

Classified Ads Section

The [Classified Ads Section on Warrior Forum](#) has been used for many things.

Some sell solo ads.

Some offer their services.

Some offer coaching.

But did you know, however, that you can make a free offer and build a list, sending your traffic directly to the squeeze page?

Yes.

The Classified Ads Section is one of those sections on WF where you can link to your squeeze page without any problems.

Here is one of my offers:

	[FREE REPORT] How To Make \$50-\$100 a day with YouTube and Clickbank Raimundas M		26th January 2014 02:02 PM by Raimundas M >	3	683	Warrior Forum Classified Ads

The beauty of having your thread on this WF Section is that Classified Ads Section are mostly visited by buyers.

Here are some more free offers on Classified Ads:

4,310 views. Think you can get subscribers from that?

Absolutely.

And here's where the >>CLICK HERE<< link leads to:

Nothing fancy, right?

To post and bump your thread on this section, it will cost you \$20.

So this one is not free.

UPDATE: From 2015, all 'Free WSO's' now should be posted on this section.

Method #3

Posting cheap (\$0,01-\$1,00) WSOs

[Warrior Forum Special Offers](#) section is crawling with buyer traffic.

This is the place where people are actually looking to BUY stuff.

Warrior Forum members have been taught for years that the WSO section is dedicated to paid products, and those who are not interested in spending money rarely ever look inside.

This is where smart marketers came in and started posting 'Free WSOs,' WSOs that cost \$0 to the end user, but in order to download the WSO, the user must enter his or her email address.

This worked extremely well and people were building buyer leads like crazy, but after 2015, the new Warrior Forum owner decided to change this and move 'Free WSOs' to the Classified Ads Section, leaving Warrior Special Offers section for paid WSOs only.

However.

You can still take advantage of this section by posting super cheap (\$0,01-\$1,00) WSOs and fill your Auto Responders with pure buyers very quickly.

Here is a live example of a \$1 WSO:

To sell \$1 WSO, you don't have to be some kind of super ninja copywriter, but I would at least have a very enticing header, a couple paragraphs of text and some reviews/testimonials.

Let's find another one:

 \$1 WSO SPECIAL! \$200+ A Day Copy This EXACT Super Simple SYSTEM... (1 2 3 ... Last Page) investasap		13th November 2014 01:59 AM by kochi97 >	187	31,726

This one is from David Kirby.

As you can see, it has over 31K views and it's still going strong.

Even though the offer was published on 2013 September 14th, David is still bumping the thread even nowadays.

Which only tells us that it's working and he's at least making his money back for every new bump.

Let's take a quick glance inside:

Here's the link to the live thread:

In fact, this is a great example of how you want to model/structure your cheap \$1 WSOs. I'm sure David did a ton of testing and found a winning sales copy for his WSO.

To post a thread on the Warrior Special Offers section, you will need to spend \$20 as well...

Method #4

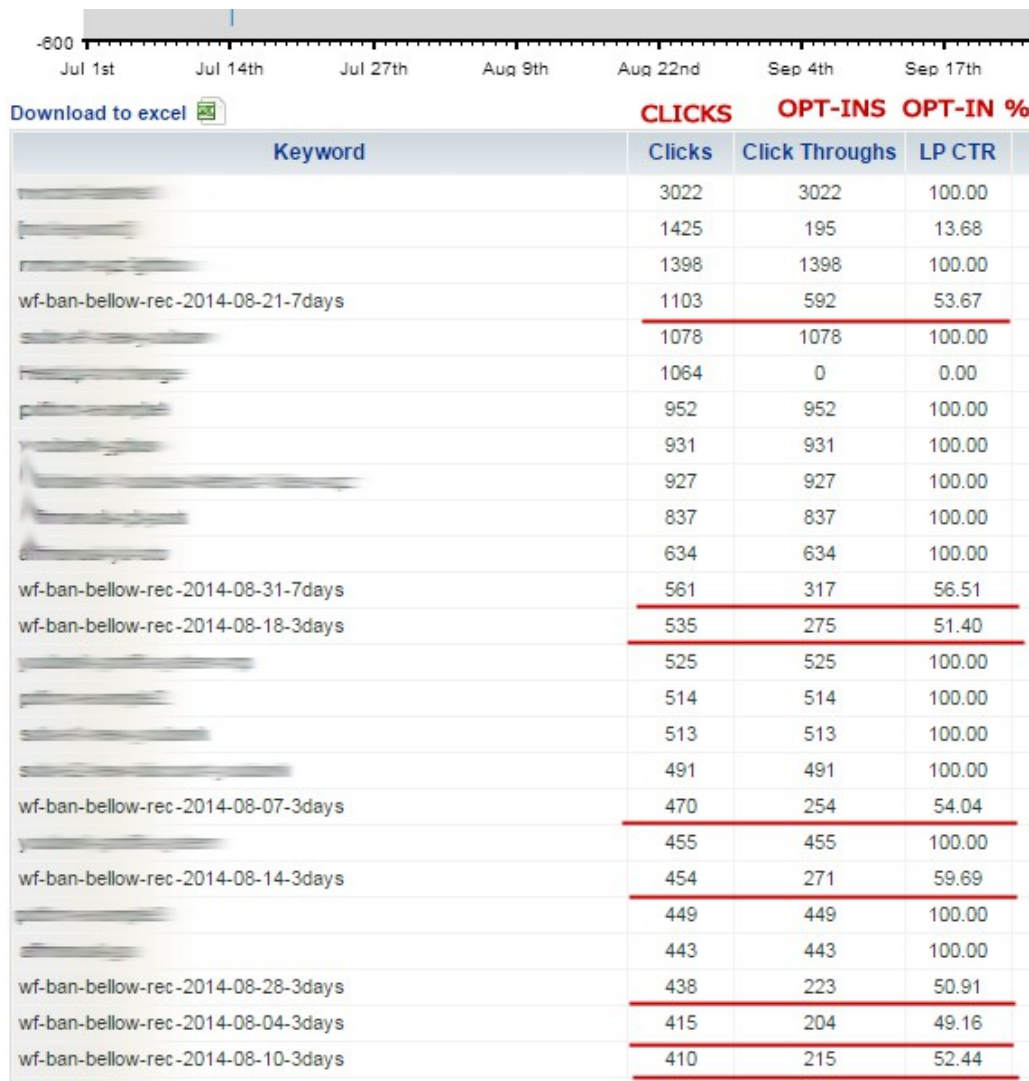

Paid Banner Ads

Buying banner ad space on Warrior Forum is one of my favorite methods of getting instant traffic.

The last time I checked, this method allowed you to direct link to any affiliate offer you want.

However, if you are planning to do this, make sure the offer is converting well, because you are going to spend \$100 (for the top banner ad) or \$50 (for the bottom banner ad) to be shown for one day.

Your results will vary, but just to demonstrate the power of this, here's how much traffic I personally get when buying banner ads on WF for my IM niche business:

Keyword	Clicks	Click Throughs	LP CTR
	3022	3022	100.00
	1425	195	13.68

Here, you can choose where and how many days you want your banner ad to be shown.

It's super easy to set up, and as soon as your banner ad is approved, it will go live.

It will run EXACTLY 24 hours (if set for one day) from the moment your ad is approved.

Here is one crucial tip I can give from my own experience:

Be very specific with your banner ad message.

Don't just say „How to make money online“ or „Want to make money online?“ in your banner ads.

This won't attract a lot of attention. I have tried.

Rather, make your message very clear and specific.

For example:

„How to X using X in X days, regardless of X.“

You get the idea. Details will make your banner ad look more believable, increase curiosity, as well as clicks.

Method #5

Best Online Resources Section

Now, we are getting into some hidden gems of the Warrior Forum :-)

But be warned, you must be very careful when using this.

Basically, there is a „[Best Online Resources](#)“ forum section on WF for listing sources of FREE eBooks or PDF's.

BUT.

There is also a uniform forum policy that **you are NOT allowed to use affiliate links or link directly to your squeeze pages in this section.**

So, how the hell do we get traffic and subscribers from this?

There are a couple of ways we can use to capture that traffic :-)

Here are some of my threads inside this WF section:

The best part is that it's free to post, and no approvals are required ;)

To drive traffic to your squeeze page, you can either:

1. Post your .pdf that has a link to your squeeze page somewhere inside the .pdf.
2. Zip your .pdf and an innocent 'unadvertised bonus' shortcut that redirects to your squeeze page.
3. Link to your own blog, which has a lightbox pop-up for capturing email addresses.

Actually, let's take a minute and I will show you the power of this section.

There's one thread that's super hot right now:

INTRODUCTION

In this report I am going to take you by the hand and show you easy business models you can apply online and start Generating \$4,000 to \$7,000 every month starting from now!

Sell Hosting Service

It's actually pretty good content.

But as you know, even the best content is shared for a reason :-)

The .pdf is filled with affiliate links and also links to his website a couple of times.

If I were him, I would have zipped that .pdf and included a shortcut that redirects to the squeeze page or even an affiliate offer.

That way he could get more out of the traffic he is getting now.

Method #6

Your Signature File

I know, I know.

Nothing ground-breaking here :-)

Just wanted to cover EVERY single strategy possible, that's why it's here.

So, if you are an active WarriorForum member or have something valuable to share with the community, you had better have a signature file with the link to your squeeze page or sales page.

Signature traffic is actually one of the most qualified traffic you can get from the Warrior Forum.

The reason being is that your signature appears after every post you make on WF, and it acts as a relationship and trust building tool.

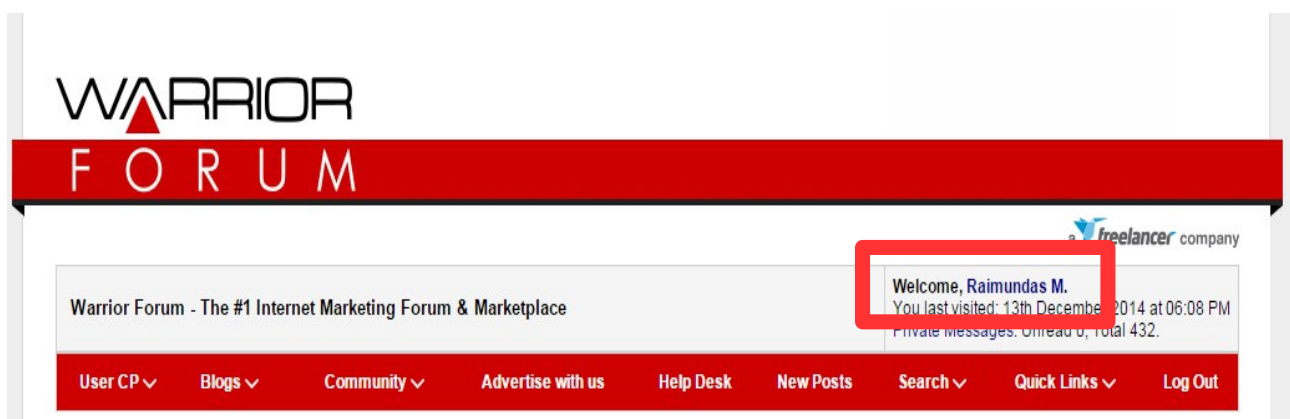

If Warrior Forum visitors like your posts and your style and appreciate your help, they will most likely be interested in what else you have to offer and click on your signature link.

Here's a quick tip: To save time and energy and get the best results possible, make sure you post on threads that are related to your signature text.

For example, if your signature is related to list building; in this case, it's wise to participate in the „Email Marketing“ section, as well as the „Main Internet Marketing Forum“ (in the threads discussing list building and traffic related questions).

To set up your signature on WF, simply follow the steps below:

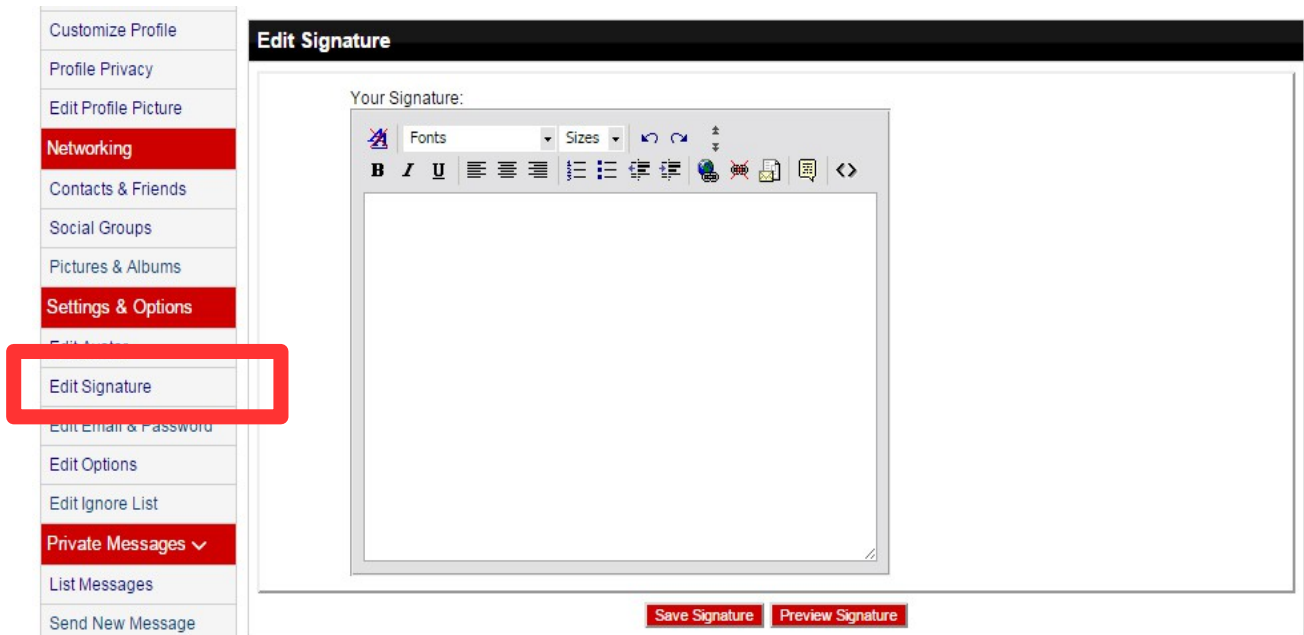

Step 1. Click on your name in the Warrior Forum:

Step 2. Click on „Customize Profile“:

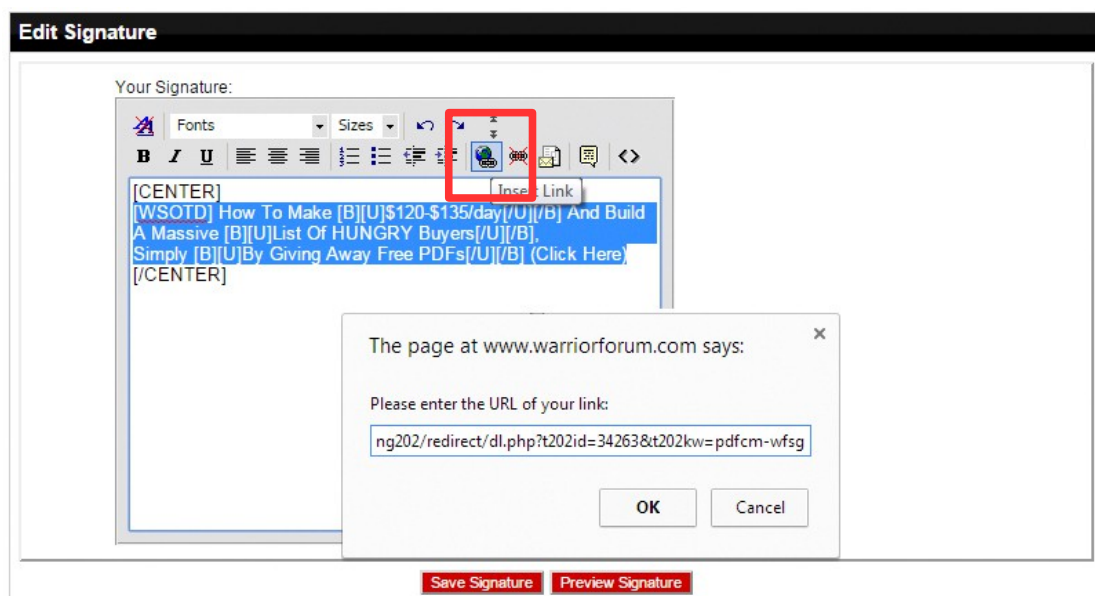

Step 3. Click on „Edit Signature“ on the left, and add your signature:

Want to add a link inside your signature?

Just highlight the text you want and click on the „globe“ icon:

Method #7

The War Room Section

„The War Room“ section is another place on WF filled with HUNGRY BUYERS.

To access „The War Room“ Private Forum, people pay a \$97/year subscription payment.

So, only those who have a PayPal account and don't hesitate to spend money on their knowledge, will see your thread inside this section.

Because I joined The War Room in 2011 (before freelancer.com acquired the Warrior Forum), I still have access to this section for free (until 2031).

However, all of the new members who want to join The War Room today are required to pay a monthly fee.

And believe me; there are many of them who join this private forum every day.

The War Room is basically a place where members share their best stuff with other Warrior Forum members.

You will find a ton of Paid WSOs, graphics, software, plugins and other cool stuff FOR FREE.

„OK Raimundas, all this sounds great and stuff, but how do I get traffic to my squeeze page or any other page of my choice from here?“

Let's open up „The War Room“ and I will show you.

This is the first page of the War Room.

Let's take the „[FREE] Facebook, Twitter and Youtube Cover Template“ thread for this example:

[FREE] Facebook, Twitter and Youtube Cover Template

Hello Warriors..
I'm Hilal... I just wanna share my FB, Twitter & Youtube Cover Templates...

DOWNLOAD HERE

Now, let's see what happens when you click on the „DOWNLOAD HERE“ link:

What do we have here, huh?

A link to download your graphics (at the right), but there is also a sneakily added squeeze page on the left :-)

Think people opt-in?

Yeaaaaah.

Moreover, these subscribers are fricking pure buyers.

By the way, you don't have to offer graphics; this is just a quick example.

You can share any .pdf report or product of yours, and add your squeeze page for those who want to receive more relevant stuff from you.

If you think about it, this section is even more powerful than the public „Warrior Special Offers“ section, because all of them have PayPal accounts here.

I hope you are seeing the power of this.

Warrior Forum alone can build a huge business, if you are in the IM/MMO space.

But, wait. There's more... :-)

I have a bonus method for you on the next page that will absolutely blow you away.

How do I know that? Because I was when I first discovered this :-)

Bonus Method

Your Own Pop-Up on the Warrior Forum

„What? A pop-up? How?“

This is actually more advanced stuff.

Basically, you can have a pop-up shown any time someone open up the Warrior Forum.

Believe it or not, you can have it on any section you want.

Want ONLY buyers?

Add it on the „War Room“ „Warrior Special Offers“ and „Classified Ads“ sections.

It's done through the third party advertising networks (PPV traffic networks).

It won't show up for all of the WF visitors, but only for those who have an adware installed.

Basically you can show any pop-up you want on any website on the whole internet for people who have the adware installed on their computers.

And it's legit!

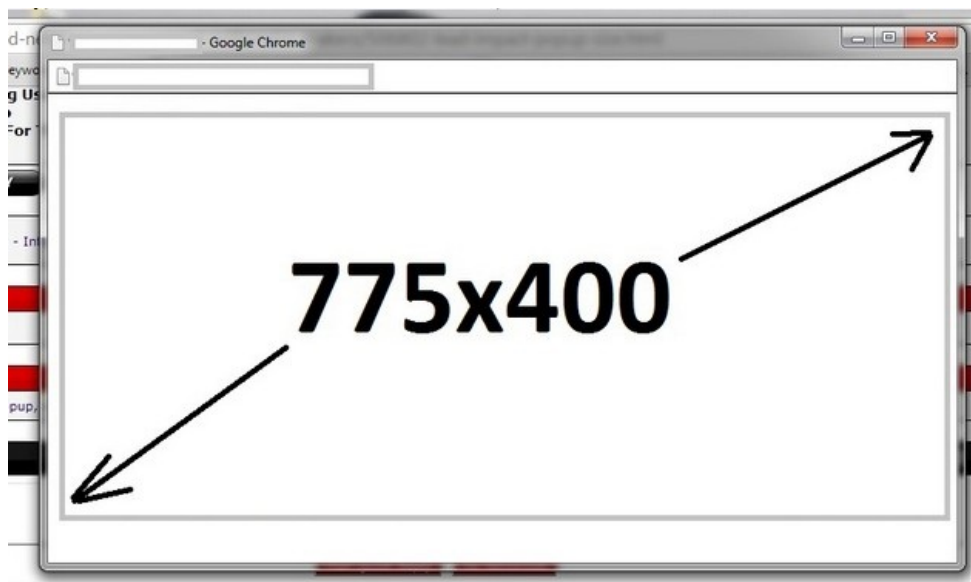

Three leading PPV networks (in no particular order) right now are as follows:

Leadimpact.com
TrafficVance.com
50OnRed.com

I personally use leadimpact.com:

<input type="checkbox"/>	twitterdecoded.com/	\$0.0220	0.022	Manual ▼	Active	1	0.0220
<input type="checkbox"/>	twitteronlinesystem.com/	\$0.0220	0.022	Manual ▼	Active	1	0.0220
<input type="checkbox"/>	viralvideo.name/	\$0.0220	0.022	Manual ▼	Active	1	0.0220, 0.0200, 0.0150
<input type="checkbox"/>	warriorforum.com	\$0.0220	0.022	Manual ▼	Active	4	0.0330, 0.0330, 0.0310 all
<input type="checkbox"/>	warriorforum.com/	\$0.0220	0.022	Manual ▼	Active	1	0.0220, 0.0150, 0.0150 all
<input type="checkbox"/>	warriorplus.com/w	\$0.0220	0.022	Manual ▼	Active	1	0.0220
<input type="checkbox"/>	warriorplus.com/w/	\$0.0220	0.022	Manual ▼	Active	1	0.0220
<input type="checkbox"/>	warriorplus.com/w/a	\$0.0220	0.022	Manual ▼	Active	1	0.0220
<input type="checkbox"/>	warriorplus.com/w/a/	\$0.0220	0.022	Manual ▼	Active	1	0.0220, 0.0150
<input type="checkbox"/>	wealthyaffiliate.com	\$0.0220	0.022	Manual ▼	Active	6	0.0391, 0.0391, 0.0380 all
<input type="checkbox"/>	wealthyaffiliate.com/	\$0.0220	0.022	Manual ▼	Active	1	0.0220, 0.0150, 0.0150 all
<input type="checkbox"/>	wholesale-contacts.com/purchase.htm	\$0.0220	0.022	Manual ▼	Active	1	0.0220, 0.0200

It cost me ~\$0.02-\$0.033 for my pop-up to show up on the Warrior Forum, and you can target any Warrior Forum URL you want.

Powerful?

Yes :-)

If you want to learn in more details about this bonus method, check out the [uft_bonus_method.pdf](#) that came with this product.

Conclusion

I hope your head is spinning by now, and you simply can't wait to start driving traffic to your squeeze pages, blogs, affiliate offers, or sales pages.

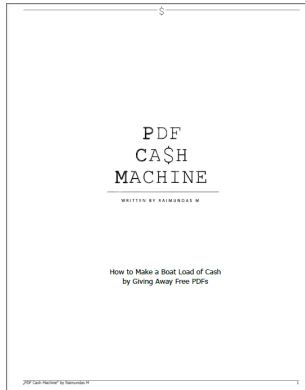

You have EVERYTHING you need in your hands now to take action and drive insanely quality Bizz-Op/MMO traffic.

Thanks, again, for picking up the „Unstoppable Forum Traffic“ WSO.

Make sure to check out my other products (see below) :-)
I will talk to you later.
