### **Can you make a killing publishing simple little cookbooks with zero reviews?**

Ever wonder if short cookbooks (less than 100 pages) with no reviews can sell. After some digging, I found this list of Kindle books in the Cooking category which have the following criteria.

These books are taken from the Amazon Best Seller top 100:

- Best seller ranking (BSR) for Paid Kindle books less than #50000
- Less than 5 reviews (some books have no reviews)
- Book length is less than 100 pages

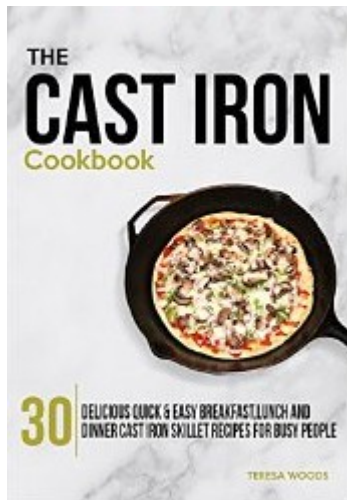

If you want to write a short book with ready buyers and make easy sales, you might want to consider these niches and keywords. In the list below, you can find the information on:

- current Amazon BSR in the paid listing with rankings in sub-category
- estimated sales and earnings per day (estimation based on its BSR rankings)
- publication date

- list of common keywords found in the titles of best sellers in the niche (you can utilize this information when you create the title for your book)
- with none or below average reviews, these books are easy to compete with.

**Disclaimer: This information is time-sensitive. The ranking of Kindle books changes everyday. The ranking and other information stated below is correct at the time of writing. There is no guarantee of achieving the same results as these books.**
