**To be sent at:** Immediately after subscription

**Email Heading:** Thanks For Subscribing .....And Special Treat for You

**Email Body:**

Hi Guys,

Welcome to the first newsletter of your new subscription! In here, we are going to give you the overview of the system we follow.

You already know that we are following a simple 3-step model to make over \$10000 per month. The simple 3-steps are:

Traffic Generation

A proper sales funnel and

Ability to build a relationship with those that enter your sales funnel.

Fortunately, you do not have to do anything to implement the 3-steps other than driving traffic! Because, everything we have done for you already!

We have designed a highly converting “proper sales funnel”. All you have to do is to upload it to your server.

# DFY Solo Profit Funnel

Don't know how to do it? No problem. A step by step easy to follow instruction manual is included to help you out!

You upload the “Done for you” funnel and derive traffic to it. How? In the instruction Manuel, we have recommended “purchase of solo ads” as the traffic source. We have given links of our trusted solo ad vendors as well.

We purchase solo ads every day and drive traffic to our funnel that gives us more than \$100 after covering solo purchase cost. How it happens?

We have products in our funnel, and the traffic purchases our products after they opt-in our newsletter. Only 2 purchases cover the cost, and more purchases mean profit. We are giving you the same funnel we are using! If you didn't get hold of our funnel yet. You can do it [HERE!](#)

Now, we also included a free traffic method in our manual for those who don't want to invest in the solo purchase upfront. You could take that route also!

Okay, let's assume that you have uploaded our funnel and purchased solo ads to drive traffic. Some of this traffic will become your subscribers, and some will buy products from your funnel giving you the profits!

# DFY Solo Profit Funnel

What you do next? You'll build a relationship with them. A seven-day email sequence is also written for you in this purpose. Set it at your auto-responder account and they get automated!

So, you need a converting funnel to implement our simple 3 step \$100+ a day model. If you want to do all the work and don't want to get the funnel at discount prices, this probably isn't for you. However, if you want to save time and money, then this is for you.

So, we are giving you one more opportunity to get hold of the high converting, done for you, 3 step \$100 a day solo ad funnel at discounted price.

**Email Heading:** System Overview Continues!.....

**Email Body:**

Hi guys!

We are purchasing our funnel everyday! We are driving traffic to our funnel and making profits in two ways!

Firstly, we are making 3-4 sales per “100-click-solo-purchase” we generally buy for \$30-\$40. This leaves us profits covering our solo purchase costs.

Secondly, we are getting 25-30 op-tins per “100-click-solo-purchase.”

We are sending promo emails with our affiliate link every day.

Everyday some of our subscribers purchase through our affiliate links, giving us a fat commission.

I'm telling you this business is lucrative and profitable like anything!

So do not let you stop doing what you should do!

# DFY Solo Profit Funnel

Okay, some of you may not understand the system fully, and it may be holding you back from taking actions.

We like to help you out from this situation. There is a detailed report in the market elaborating the system we use. In fact, we built our “DFYSolo Profit Funnel” following the principles of this report.

It's named, [Solo-Funnel-Breakthrough](#)" and it's written by a veteran Internet marketer, Bryan Harkins and you can find it [<Here>](#).

[\[insert your affiliate link here\]](#)

We highly recommend you get hold of it. It's only \$7 but the OTO behind it is even more powerful! You'll get addresses of 7 tested solo vendors of Bryan.

Despite you grasped our 3 step model in full, or you don't. This \$7 report will open your eyes in many directions! So, do not hesitate! And got hold of Solo-Funnel-Breakthrough" here!

**Email Heading:** Closely Guarded Solo Ad Formula

**Email Body:**

Hey,

Some of you may already be purchasing solo ads, driving traffic to your funnel and making profits! Choosing the right vendor is a daunting task! There are hundreds and hundreds of solo ad vendors who will send you bot traffic, that will bring you no profits. Rather you'll lose your solo fund very quickly.

But you do not have to test or experiment to get reliable solo vendors! We have done it for you already. We ourselves purchase solo from these 3 vendors mentioned in the "Instruction Manual" of "DFY Solo Profit Funnel!" And they are sending us real human traffic all the time!

You can start with these 3 vendors, but you should not buy more than 1 time per month per solo vendor. Possibility will be there that you'll receive same traffic again if you buy more than once from one vendor in a short span of time!

# DFY Solo Profit Funnel

So what you'll do after you have purchased from all the three! Here is what I suggest. Paul Nicholls has revealed his closely guarded solo Ad formula that he has been using for over 2 years to crank out cold hard "solo ad" cash

- like crazy! And it's all in his report, “[Solo Ad Professor](#).”
- [\[insert your affiliate link here\]](#)

I personally use his techniques to locate new and realistic solo ad vendors in the market. I recommend you do the same! You can get “[Solo Ad Professor](#) from here!
